10,606 active ads, Q3 2026. Video is 46.3% of them.

What we found

3 findings, each one a section

01

10,606

active Irish ads

10,606 ads were live on the day we read, so a sector's share of voice can be counted, not guessed.

METHOD

How we did it

The sample

10,606 active ads, read for Irish Ads by Sector Q3 2026. Example data, made up for the mockup.

The method

Every active ad from Irish advertisers in the Meta and Google ad libraries, pulled on one day per quarter and sorted by sector and format.

The check

Vera checked every number against the source before it went on the page.

What is free

Every sector's count and format mix. Every finding and every figure on this page, no form.
