# How we did it

---

## The sample

179 firms, 537 questions, read for The Mystery Shop Q2 2026. Example data, made up for the mockup.

---

## The method

An agent sends the same customer question to each firm's website chat, email and phone, and scores the reply for speed and for whether it answered.

---

## The check

Cato checked every number against the source before it went on the page.

---

## What is free

Every finding and figure. Every finding and every figure on this page, no form.
